

## A-Tach # 20012

**Designed for:** Chevrolet Colorado 2015 - 2022 | GMC Canyon 2015 - 2022

# A-Tach

## Mobile Device Mounts

**A-Tach** solutions consist of two separated parts that are brought together to create a secure mounting solution. The first part is the vehicle mount and the second part is the device holder. The vehicle mount is not designed to be attached and taken off the vehicle repeatedly or on a regular basis. Once it is attached, it should remain attached until you would like to permanently remove it.

**Attention:** Read all instructions and review the images before attaching this product.

**WARNING:** Please hold the vehicle mount and holster over the place where the solution attaches to the dash BEFORE securely attaching it to the vehicle. This will insure you like the fit and location of the solution.

(1) The holster comes with a two part securing strap for the hand gun. Place your hand gun into the holster. Then snap the two parts of the strap together and place the strap in a position that will secure the hand gun into the holster.

(2) Slide the hooked parts of the Velcro on the strap into the slots on the sides of the holster. Using the included blue card stock will help. The strap is adjustable by the distance the straps are inserted into the slots. Be sure to align the hooked parts of the Velcro with the mesh parts to create a secure connection.

(3) Consider if you want the holster for right hand use or left hand use. Gently open the lower holster hook and insert the lower edge of the holster under the hook.

(4) Attach the side of the holster to the mount by inserting the steel clip arm on the mount through the clip slot on the side of the holster.

**See additional instructions on the back side.**

(5) Inspect the area the SAMS will attach to ensure it will not be an obstruction.

Clean the area where the mount will attach.

Remove the covering from the tape. Hook the bottom "J" shaped edge of the SAMS around the front edge of the dash panel under the steering wheel. (See Photo)

(5) Place your fingers under the top edge of the SAMS and press firmly upward on the top side of the mount to hook the top edge over the top of the panel right below the steering wheel.

The tape will not leave any residue if the mount is removed in the future.

### **A-Tach Mounts Limited Warranty**

A-Tach warrants that the product will be free of defects in materials and workmanship for a period of six (6) months from the date of purchase. If the product becomes defective within the warranty period, A-Tach will have the option to replace it or refund the purchase price. New or reconditioned replacement parts of the product will be furnished on an exchange basis with the replaced products becoming the property of A-Tach Mounts. Warranty service is available by delivering the product during the warranty period to A-Tach Mounts and provide proof of purchase price and date. The customer will bear all shipping, packaging, insurance costs and all other costs with the exception of labor and the parts necessary to repair, replace or refund the product under this warranty.

This warranty does not cover any product that has been damaged as a result of accident, misuse, abuse or due to the unauthorized adjustment to the product. If the product becomes defective during the warranty period, the purchaser's limited solution shall be to repair, replace or refund as stated above. A-Tach will not be liable for incidental or consequential damages, to include any loss or damage of any property, arising from breach of any warranty.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to in those states. This warranty gives you specific legal rights, and you may have other rights, which vary from state to state.

### **Returns**

A-Tach's must give prior approval before any product may be returned. In order to return a product, the buyer must obtain an RMA# (Return Merchandise Authorization Number). All returns must be within (30) days of the invoice date and include proof of purchase. The product must be in undamaged and unused condition, meaning: No scratches, additional holes or screw marks on the product. The product must be in like new condition.

A-Tach reserves the right to withhold a refund if we believe the product is damaged. A copy of the original order or invoice must accompany a return. All parts shipped with the original product must also be returned.
