A-Tach

Mobile Device Mounts

A-Tach solutions consist of two separated parts that are brought together to create a secure mounting solution. The first part is the vehicle mount and the second part is the device holder. The vehicle mount is not designed to be attached and taken off the vehicle repeatedly or on a regular basis. Once it is attached, it should remain attached until you would like to permanently remove it.

Attention: Read all instructions and review the images before attaching this product.

Designed for: Chevrolet Colorado 2015 - 20__
GMC Canyon 2015 - 20__
Attaches along the entire top of display screen.

WARNING: Please hold the vehicle mount and device holder over the place where the solution attaches to the dash **BEFORE** attaching the device holder to the vehicle mount to ensure a proper fit with the location of the solution. **Once screwed together the products are non-refundable.**

Remember: Instructions are provided for your convenience. You are responsible to determine if you have the skill to attach the solution to your vehicle.

(1) Clean the area where the mount will attach. Remove the covering from the tape on the mount. Insert the thin edge of the seam tool into the seam between the padded dash top and the top of the frame around the center display. See photo.

(2) Press the seam tool forward to open the gap far enough to insert the notched forward edge of the mount into the seam. The pointed edge of the mount should help the mount go into the seam. See photo.

(3) Once the front of the mount is in the seam, press the back of the mount down and hook the notched edge onto the top front of the frame around the center display.

(4) The mount attaches along the entire top of display screen.
