A-Tach
Mounts

A-Tach solutions consist of two separated parts that are brought together to create a secure mounting solution. The first part is the vehicle mount and the second part is the device holder. The vehicle mount is not designed to be attached and taken off the vehicle repeatedly or on a regular basis. Once it is attached, it should remain attached until you would like to permanently remove it.

Attention: Read all instructions and review the images before attaching this product.

Designed for: Land Rover Discovery 2017 - 20__

NOTICE: Please hold the vehicle mount and device holder over the place where the solution attaches to the dash **BEFORE** attaching the device holder to the vehicle mount to ensure a proper fit with the location of the solution. **Once screwed together the products are non-refundable.**

Remember: Instructions are provided for your convenience. You are responsible to determine if you have the skill to attach the solution to your vehicle.

WARNING: DO NOT interact with the device while the vehicle is in motion.

(1) Clean the area where the mount will attach. The mount will attach into the seam above the hazard button and in front of the vent frame illustrated with the arrows in the photo.

(2) Press the thin edge of the seam tool into the lower seam to open the seam a little.

(3) Remove the covering from the tape. Press the thin lower edge of the mount into the seam next to the seam tool.

(4) Press down on the top of the mount to flex the notched upper edge of the mount under the dash top.

See additional instructions on the back side.

(5) Firmly press forward on the mount to insert the notched edge into the seam between the dash top and the vent frame above the hazard button. The notched edge of the mount should hook onto the top vent frame.

(6) The mount attached. The tape will not leave any residue if the mount is removed in the future.
