

## A-Tach # 50318

ST-1

**A-Tach**  
*Mounts*

**NOTICE:** A-Tach Mounts will not be responsible for any damage to the vehicle or product due to the installation and/or use of the product. The product has been tested to fit securely to the listed vehicles. Instructions are provided for your convenience. You are responsible to determine if you have the skill to attach the product without causing damage to your vehicle or the product.

Read all instructions and view the photos before attaching this product.

**Designed for:** RAM 1500-5500 2019 - 20\_\_

For best results, hold the vehicle mount over the place where the mount attaches to the dash **BEFORE** attaching the device holder to the vehicle mount to ensure a proper fit with the location. Most often the mount will appear to be a little too big or small for the intended location. The vehicle mount must be installed **BEFORE** a device holder is screwed onto the vehicle mount.

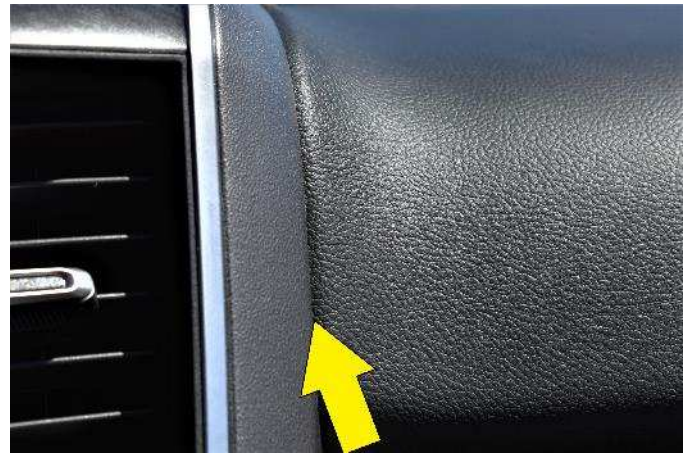

**Once screwed together the products are considered used and non-refundable.**

The vehicle mount is not designed to be attached and taken off the vehicle repeatedly or on a regular basis. Once it is attached, it should remain attached until you would like to permanently remove it.

**WARNING: AVOID extreme heat conditions. It can damage the device and the mount.**

(1) Clean the area where the mount will attach. The inside edge of the mount will attach into the seam illustrated with the arrow in the photo above.

(2) The outside edge of the mount will attach onto the center dash panel and the padded dash top illustrated with the arrow in the photo above.

(3) Remove the covering from the tape. Hook the thin inner edge of the mount (the shorter side of the mount) into the seam illustrated in the photo above. (onto the outside vent frame)

(4) Use the seam tool if needed to open the seam a little. Press forward on the outer edge of the mount until the thin front edge of the mount clips into the seam.

The tape will not leave any residue if the mount is removed in the future.

## Warranty and Returns

### **A-Tach Mounts Limited Warranty**

A-Tach warrants the product to be free of all defects in materials and workmanship for a period of six (6) months from the date of purchase. This warranty extends to the original buyer.

Within the period of this warranty, A-Tach has the option to repair or replace the item or refund the purchase price. Any replacement parts will be done on an exchange basis. All repairs and service must be done by A-Tach. Product must be delivered to A-Tach during the warranty time along with proof of purchase price and date. The shipping and packaging costs will be the buyer's responsibility. Labor costs and parts to repair will be A-Tach Mounts responsibility.

Damaged products caused by anything outside of shipping damage are not covered by this warranty. A-Tach will not be responsible for any property damage due to the use of the product. Any above exclusion may not apply in states that do not allow the exclusion or limitation. This warranty gives you specific legal rights. You also may have other rights which vary from state to state.

### **Returns**

Before any product may be returned, A-Tach's must give prior approval. An RMA# (Return Merchandise Authorization Number) needs to be given to the buyer to return a product. All returns must be within (30) days of the invoice date and include proof of purchase. Any returned product must be undamaged and in like new condition. Returned product must be scratch free with no additional holes or screw marks on the product.

A-Tach reserves the right to withhold any refund if the product is believed to be damaged. A return must include a copy of the original order or invoice. All parts and components that were shipped with the original product must be included with the returned.
