A-Tach

Mounts

A-Tach solutions consist of two separated parts that are brought together to create a secure mounting solution. The first part is the vehicle mount and the second part is the device holder. The vehicle mount is not designed to be attached and taken off the vehicle repeatedly or on a regular basis. Once it is attached, it should remain attached until you would like to permanently remove it.

Attention: Read all instructions and review the images before attaching this product.

NOTICE: Please hold the vehicle mount and device holder over the place where the solution attaches to the dash **BEFORE** attaching the device holder to the vehicle mount to ensure a proper fit with the location of the solution. **Once screwed together the products are non-refundable.**

Remember: Instructions are provided for your convenience. You are responsible to determine if you have the skill to attach the solution to your vehicle.

WARNING: DO NOT interact with the device while the vehicle is in motion.

(1) Clean the area where the mount will attach. The mount will attach onto both sides of the upper display illustrated with the arrows in the photo.

(2) Remove the covering from the tape. Place the left side of the mount onto the top left edge of the display panel.

(3) Pull the right side of the mount out and hook the edge of the mount over the right top side of the display.

(4) The mount attached. The tape will not leave any residue if the mount is removed in the future.
