A-Tach Mounts will not be responsible for any damage to the vehicle due to the installation and/or use of the product.

Read all the instructions and view the photos before attaching this product.

Once the mount and holder are screwed together, the items are considered used and non-refundable.

For best results, attach the mount or hold the mount over the place where the mount attaches to the dash **BEFORE** attaching the device holder to the vehicle mount to ensure a proper fit with the location. Most often the mount will appear to be a little too big or small for the intended location. Once attached, the mount should remain attached until you would like to permanently remove it.

WARNING: AVOID extreme heat conditions. It can damage the device and the mount.
