

A-Tach # 50741

ST-1

A-Tach
Mounts

Designed 4: Ford Expedition 2025 - 20__

NOTICE: The product has been tested to fit securely to the listed vehicles. Instructions are provided for your convenience. You are responsible for the use of the product and determine if you have the skill to attach the product without causing damage to your vehicle or the product. A-Tach Mounts will not be responsible for any damage to the vehicle due to the installation and/or use of the product.

Read all the instructions and view the photos before attaching this product.

Once the mount and holder are screwed together, the items are considered used and non-refundable.

For best results, attach the mount or hold the mount over the place where the mount attaches to the dash **BEFORE** attaching the device holder to the vehicle mount to ensure a proper fit with the location. Most often the mount will appear to be a little too big or small for the intended location. Once attached, the mount should remain attached until you would like to permanently remove it.

WARNING: AVOID extreme heat conditions. It can damage the device and the mount.

Online instruction can be found on the product page – Or at link:

<https://www.atachmounts.com/assets/images/PDF%20-%20Instructions/50741%20-%20Instructions.pdf>

(1) Clean the area where the mount will be attached. The upper edge of the mount will attach into the seam between the display and top frame around the display illustrated with the arrow in the photo above.

(2) The lower edge of the mount will attach into the seam illustrated with the arrow in the photo above.

(1) Use the seam tool to open the display seam a little.

(2) Press the thin edge of the mount all the way into the seam.

See additional instructions on the back side.

(3) Use the seam tool if needed to open the front seam a little.

(4) Fles the mount forward and hook the thin front edge into the front seam. The tape will not leave any residue if the mount is removed in the future.
