

A-Tach # 50767

A-Tach
Mounts

Designed for: Subaru Soltera 2026 - 20__
Toyota BZ 2026 - 20__

NOTICE: The product has been tested to fit securely to the listed vehicles. Instructions are provided for your convenience. You are responsible for the use of the product and determine if you have the skill to attach the product without causing damage to your vehicle or the product. A-Tach Mounts will not be responsible for any damage to the vehicle due to the installation and/or use of the product.

Read all the instructions and view the photos before attaching this product.

Online instruction can be found on the product page – Or at link:

<https://www.atachmounts.com/assets/images/PDF%20-%20Instructions/50767%20-%20Instructions.pdf>

(1) Clean the area where the mount will be attached. The left and right edges of the mount will attach onto the left and right sides of the display illustrated with the arrow in the photo.

(2) Remove the covering from the tape. Hook the left side of the mount onto the left side of the display.

See additional instructions on the back side.

NOTICE: PLEASE READ THIS INFORMATION

Attach the mount first or **BEFORE** attaching the device holder to the vehicle mount to ensure there is a secure and proper fit onto the vehicle and to your satisfaction. **Once the mount is screwed into or the pre-drilled holes enlarged in any way, the mount is considered used and is not refundable.** Most often the mount will appear to be a little too big or small for the intended location. Once attached, the mount should remain attached until you would like to permanently remove it.

WARNING: PROTECT from extreme heat conditions.
Extreme heat can damage the device and the mount.

Extreme temperatures can have a big impact on dash panels, cell phones, cell phone mounts and almost anything placed in the vehicle. A car windshield can also have a magnifying effect when it comes to heat on a dash, so we like to remind customers with a warning to avoid this happening when possible. A sun reflector in the windshield or park in the shade are a couple ideas that will help with extreme heat concerns.

Additional Instructions

(3) Align the left side of the mount over the left side of the display. At the same time ...

(4) Align the right side of the mount over the right side of the display.

(5) Press downward on the left side of the mount. At the same time ...

(6) Press downward on the right side of the mount.
